

STANDARD PRICING TABLE

Optus Private Wavelength Division Multiplexing (WDM) Service

This Standard Pricing Table forms part of Optus' Standard Form of Agreement pursuant to the Telecommunications Legislation.

This Standard Pricing Table for the following Services comprises the following appendices:

- **Appendix 1 – Optus Private WDM – Standard Pricing Table**
- **Appendix 2 – Miscellaneous Charges**

APPENDIX 1 – OPTUS PRIVATE WDM: (STANDARD PRICING TABLE)

Optus will only supply the Optus Private WDM Service at the rates set out in your Application or Statement of Work, or, if no rates are set out in your Application or Statement of Work, then at the rates set out in the Standard Pricing Tables below.

Pricing for Optus Private WDM includes:

- (a) standard fixed charges, such as establishment, WDM equipment supply and relocation charges and charges for changes as set out below;
- (b) Monthly Recurring Charges as set out below or where we have agreed different charges, the charges that are set out in your Application or Statement of Work;
- (c) Cancellation Fees and other charges that are set out in your Agreement, including the Optus Private WDM Service Description; and
- (d) any other charges that may be notified to or agreed with you by Optus for additional services.

1. ESTABLISHMENT / INSTALL, WDM SUPPLY AND RELOCATION CHARGE

- 1.1 The establishment charge is the initial charge payable for installing the Service which is payable upon installation (also known as the one off Charge on your Application or Statement of Work). The relocation charge is the charge payable for relocating an existing Service from one location to another.
- 1.2 Establishment and relocation charges for private WDM are non-standard and subject to specific work required to install the Service. This is subject to an agreement (Application or Statement of Work) supplied in writing and signed by both parties.

Optus Private WDM	Charges (excl GST)
Service Installation / WDM Equipment Supply / Relocation Charge (per Service)	POA

2. SERVICE CHANGE CHARGE

Change Type	Description	Charges (Excl GST)
CHOWN	Change of ownership (CHOWN) only	\$0
Simple change	Not applicable for Optus Private WDM	
Complex change	Change to an existing Service requiring a site visit (including hardware change, but not requiring any customisation)	POA
Customised changes	Changes requiring customisation to a standard Service, as agreed by both parties	POA

If you make changes to a Service, the new Monthly Recurring Charge may be notified to you by Optus for the applicable period until the expiry of the Committed Term.

3. MONTHLY RECURRING CHARGES

3.1 A monthly recurring charge is payable as set out in your Application or Statement of Work. The calculation of monthly recurring charge may depend on:

- (a) the number of client protocol services, such as 10GE, 100GE and FC16G;
- (b) the location of each Site address and the distance (fibre path length) between each end of the Service (which may be in Metro or Regional areas); and
- (c) whether the link is path protected,

among other things.

We have set out our standard monthly recurring charges for commonly requested Services below, but your pricing will be set out in your Application or Statement of Work, after you agree with our quotation.

3.2 On expiry of the Committed Term or special, Optus may end the pricing set out in the Application or Statement of Work, or special on 30 days' written notice and reserves the right to adjust your charges by multiplying the last applicable full Monthly Recurring Charge (excluding any one-off adjustments) x 175% until we agree a new Application or Statement of Work.

3.3 Standard Monthly Recurring Charges

To the extent your required configurations are not set out below, we will provide you with a quotation and agree the charges in an Application or Statement of Work.

Service (unprotected)	\$MRC (ex GST)
1GE	\$5,000
10GE	\$10,000
FC16G	\$10,000

APPENDIX 2 – MISCELLANEOUS CHARGES: (STANDARD PRICING TABLE)

Event	Description	Charges (Excl GST)
Suspending or modifying a Service	Suspending your Service or modifying, repairing, or replacing any Optus Equipment as a result of an Excluded Event.	\$2500 per service
Incorrect Installation Details	In the event that any information you gave us about requirements for installation were incomplete or inaccurate, or if you need extra installation services.	\$500 per service plus pass through of additional installation services costs
Non-standard installation and client cabling costs	In the event that additional work is required at a location where Optus installs a Service. Includes installation costs associated with a Supplier's Network and installation costs that address a shortfall in the Customer's own cabling infrastructure.	Pass through of additional costs

Miscellaneous Service and Support charges

Event	Description	Charges (Excl GST)
Customer Fault	Investigating and (if requested) correcting of a Fault, where we reasonably decide that the Fault is caused by your equipment or facilities.	\$500 per fault / Service
Billing audit	Requiring us to perform an invoice audit, where we reasonably decide that no error has been made.	
Maintenance and configuration (non-fault related) requested 7pm-7am	Requiring us to perform maintenance or other services outside of 7am – 7pm Sydney local time Monday to Friday excluding public holidays, by your request.	Pass through of additional costs
Move, Add and Changes (MACs) requested 7pm-7am	Service changes conducted outside of standard MAC charging times (being 7am – 7pm Sydney local time Monday to Friday excluding public holidays) by your request. Includes up to 1 (one) hour of standard integration testing.	\$1000 plus applicable MAC charge
Expedited Move, Add and Change (MAC) delivery fee	Service changes requiring expedited handling by your request outside of Target Delivery Times (Please contact your Account Manager for Delivery Targets).	\$1500 plus applicable MAC charge
Extended Integration Testing	Service charge for extended integration testing in excess of the standard 1 (one) hour test duration, where requested by you.	Pass through of additional costs

Non-standard service cost	Hosting of Optus equipment if additional costs are incurred. For example, if your building owner imposes a charge or we agree to house your Optus equipment in a carrier rack in a Data Centre.	Pass through of additional costs
